

New Products:

and for regular loads. Use for hand and machine washing. Excellent for those with sensitivity to detergents and scents.

Golden Olive **Sea Salt** is extracted from the Greek isles. Bright white in colour, pure in flavour and subtle in taste, Golden Olive Sea Salt is an excellent addition to any dish – adding a unique flavour to any gourmet creation, may it be steamed vegetables, grilled fish and/or marinated meats.

Sea salt is considered essential to our health as it has more nutrients and zing than traditional table salt. May also be used in therapeutic and relaxing salt baths and spas to invigorate and tone the skin.

Koutalianos™ Pasteli bars, **Raw Pasteli Bars** are a Greek-inspired Mediterranean treat handmade with raw nuts [walnuts or almonds] and sesame, and most importantly, pine honey. Unlike conventional pasteli, all ingredients are of the utmost quality and the sesame is left whole – giving a healthier snack. Furthermore, our pasteli is not sweetened with molasses or any sugar, but with honey produced at higher elevation by bees feeding on pine trees. Without the stickiness and toughness of other sesame bars, our certified organic pasteli is not only good for you but is also a tasty snack. Excellent for all: children, expecting mothers, diabetics and athletes alike.

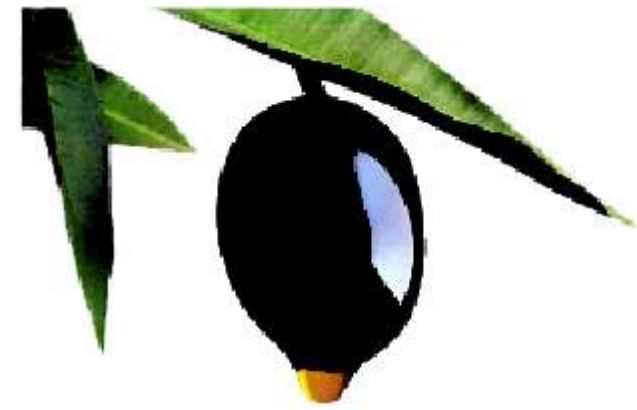

Sesame, walnuts, almonds and pine honey are all certified organic by DIO Greece.

Golden Olive *Theodora™ Essential Rose Oil Moisturizer*. uses only the finest certified organic extra virgin olive oil and rose essential oil. Naturally rich in vitamin E, olive oil moisturizes, hydrates and nourishes the skin while the essential rose oil helps to fade fine lines, to settle emotions and to relieve stress. Use *Theodora™* on the face before applying make-up, after shaving and/or as a body moisturizer day and night. May also be used as a make-up remover and as massage oil. Suitable for all skin types. Excellent for men and women of all ages. Apply to slightly damp skin after a shower or bath. No additives or colours are used in this product. Extra virgin olive oil is certified organic by DIO Greece and FVOPA Canada.

CERTIFIED ORGANIC

Golden Olive® Family of
Unique Products from Greece
GOLD MEDAL AWARD WINNING

Golden Olive 'Eleni'® is an olive oil unlike any other. Certified organic, our extra virgin olive oil boasts the flavour of fresh olives handpicked while they are still unripe during the early harvest. This guarantees that the organoleptic qualities, flavour, aroma and colour of our extra virgin olive oil are not compromised. The type of olive, soil, climatic conditions, cultivation, way of harvesting, and olive pressing all play a role in why our product is a rarity on the market. From our single estate olive grove in Greece, we only produce first cold-pressed extra virgin olive oil. Our Golden Olive 'Eleni'® is the current year harvest – that is when olive oil is at its best. In this respect, we date stamp each bottle so that our customers know when it was harvested so they may benefit from its nutrients and freshness.

Certified organic by DIO Greece and FVOPACanada.

Golden Olive 'Vassiliki'® certified organic Kalamata olives are cured in the Greek tradition using our family recipe. Firstly, the olives are soaked in water for a number of days to remove the bitterness. They are then cured in sea salt brine with celery and lemons. Lastly, we add wine vinegar and our certified organic extra

virgin olive oil to sweeten the olives without compromising the natural flavour of the Kalamata olive. Our arid certified organic Kalamata olives are from a higher elevation and do not receive any irrigation. For this reason, our olives boast a distinct taste – firm with a slight edginess.

New! Golden Olive 'Vassiliki'® certified organic Kalamata olives with balsamic vinegar.

Certified organic by DIO Greece and FVOPACanada.

Golden Olive Specialty Green Cracked Olives are cured with lemon in sea salt brine with anise and our certified organic extra virgin olive oil. This specialty olive is prized for its great taste and excellent accompaniment to any dish. These olives are from a single estate in the southwest Peloponnese region of Greece.

Golden Olive Specialty Agrinion Olives are big, fresh and plump olives. They are both flavourful and colourful – a true feast for the eye. Naturally cured in sea salt brine with celery, lemon and our certified organic extra virgin olive oil, these olives are produced in the region of Agrinion in Greece.

Certified organic by DIO Greece and FVOPACanada.

Golden Olive 'Vassiliki'® Green Olive Tapenade and Golden Olive 'Vassiliki'® Kalamata Olive Tapenades are part of our 'Vassiliki'® olive product line. All 100% vegetarian, our tapenades are made with quality ingredients: coarsely chopped

Greek green or Kalamata olives; roasted red peppers; sun-dried tomatoes; capers; extra virgin olive oil; and lemon juice. The Green Olive Tapenade also has a little garlic and a Greek aromatic herb called throubi [a flavour between thyme and oregano]. Very little is added to the tapenades to enhance the natural richness of the olives used.

Both tapenades are great as a spread on crackers or crostini. Add to any dish. Excellent with pasta, chicken, game, veal or fish. Add to your gourmet pizza, sandwich or mix into dips and sauces for an intensive flavour kick. An excellent time saver for the professional chef or the gourmet cook. Ready to use.

Golden Olive 'Evangeline'® Certified Organic Corinthian Raisin Balsamic Vinegar is made from sun-dried Corinthian raisins, aged to give depth and flavour. Our balsamic vinegar has a delicate, sweet and sour taste. Its dark colour comes exclusively from our raisins to which we add no additional colours or any sweeteners. Made from a traditional recipe, our balsamic vinegar uses only Corinthian raisins and is aged for a minimum of three years.

No preservatives, colours or sugars are added.

Certified organic by DIO Greece and FVOPACanada.

Golden Olive 'Evangeline'® Certified Organic Sun Blessed Corinthian Currant Raisins are sweet and plump and add an

excellent flavour and natural sweetness to any baking and/or snacks. Rich in nutrients and sun-dried from our single estate in Greece, you can taste the sunshine in every currant raisin. Also used to produce our Golden Olive 'Evangeline'® Certified Organic Corinthian Raisin Balsamic Vinegar. Certified organic.

Golden Olive 'Anastasia'® is a Castile soap bar handmade with certified organic extra virgin olive oil. Moisturising, it leaves the skin feeling soft and smooth. With no fragrance or harmful chemicals added, this bar is ideal for sensitive skin; however, all skin types can benefit from this natural soap. Use as a face cleanser, morning and night, or as a body bar in the bath or shower. Effectively removes unwanted impurities and make-up. Can also be used as a shampoo, leaving hair shiny and soft. It's also gentle enough to use on a baby's delicate skin.

No colour, fragrance or harsh chemicals added. Tested by people with skin allergies, sensitive skin, eczema and psoriasis.

Extra virgin olive oil is certified organic by FVOPACanada. USDA Certified.

Golden Olive 'Anastasia'® handmade olive oil laundry soap, gently washes clothes without any harsh chemicals or fragrance added. Use on delicate fabrics
